

Legio XVI Aquila

This legionary Camp is the headquarters of the famed Legio XVI Aquila Legion, which now guards the border with Verinress'Arl, its hostile northern neighbour.

Its fame was won in the war against Verinress'Arl initiated by a brazen attack by the Dark Elves into the territory of the Imperium. Since then it is the senior legion, now commanded by its former Primus Centurionio, now Legate, Marcus Quintillianus.
